

## **TRY BEFORE YOU BUY OPTION**

Tudor Modular knows that the decision to hire or buy can be difficult. Sometimes you need to see how a project goes before making a decision to purchase, but still need to get the project of the ground.

Should you decide to hire, Tudor can offer a reduction from the initially quoted purchase price of the cabin or container, based upon the rentals paid up to the day of purchase. This is normally set at 15% of the total hire cost, set against the offer price quoted at the time of hire.

You can exercise this option anytime, with a maximum of 2 years hire charges being discounted.

### **Example**

Company A wanted to buy a new office at £9,500.00 + VAT but decided to take the hire option of £82.00 + VAT per week. After 20 weeks they decided to buy as the project was going well, so they purchased the unit with - £246.00 discount.
